

Introducing a fully adjustable mask which is both fashionable and comfortable best suiting those who seek luxury.

This fashionable mask is engineered to enable a good fit on to your face and the tailored design has increased the space between your mouth, nose and the mask, which enables smooth breathing.

Maks is equipped with an exhalation valve for optimized air flow and a detachable head strap which could be used instead of the ear-loops, solely depending on your preference.

Can be used as a face covering to protect you against emissions, pollutants & pathogens.
